

An Introduction to the RIGIS Executive Committee

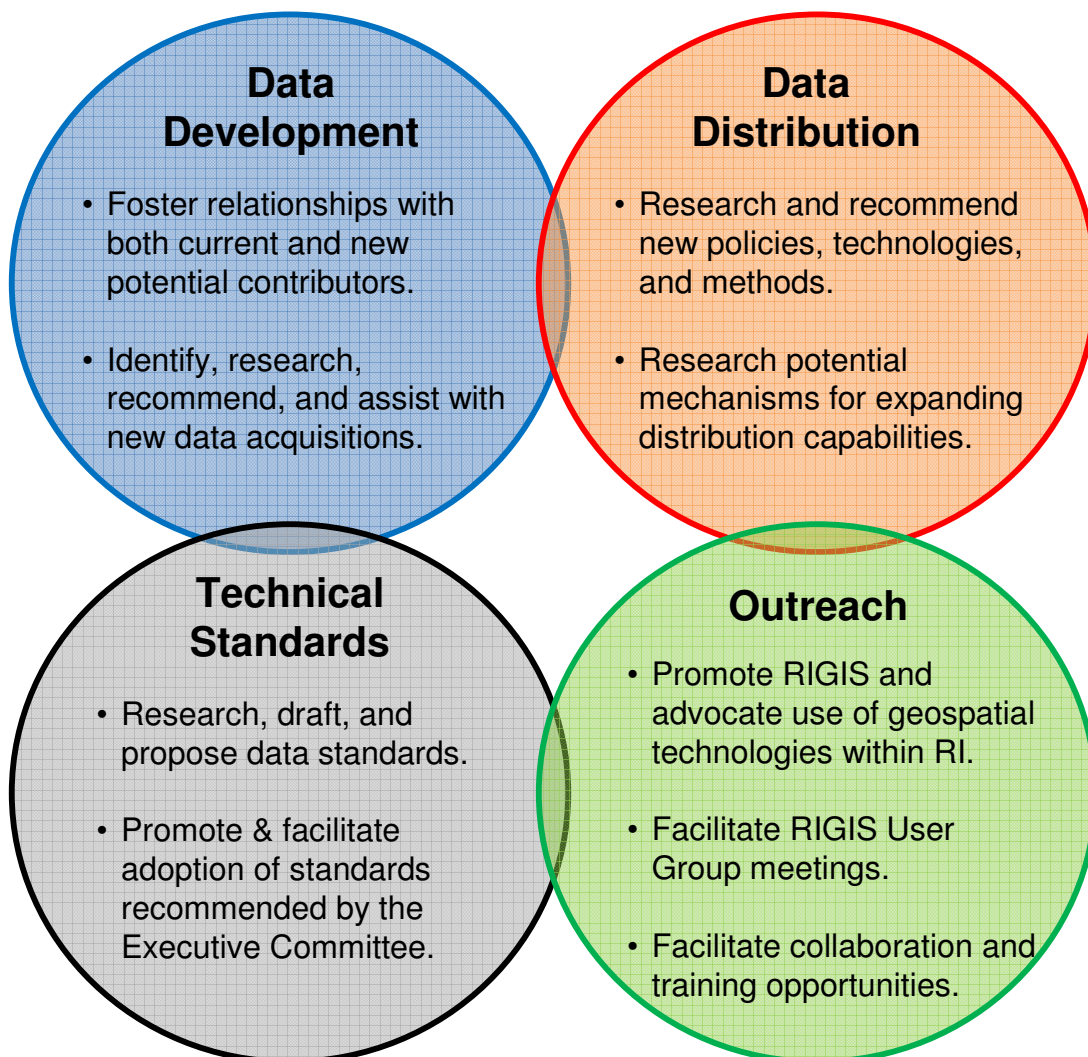

Overview

The Executive Committee of the Rhode Island Geographic Information System (RIGIS) consortium is a sub-committee of the State Planning Council. While not a regulatory agency, the RIGIS Executive Committee provides guidance, oversight, and coordination of efforts pertaining to GIS activities within Rhode Island.

Member organizations are appointed by the State Planning Council, and represent the Federal, State, Municipal, Educational, Non-Profit, and Private sectors.

The RIGIS Executive Committee is undergoing an internal reorganization that has led to the creation of several standing working groups that each focuses on a particular primary function of RIGIS.

Working Groups

If you are interested in volunteering for a working group, please contact Shane White, RIGIS Coordinator at swhite@doa.ri.gov.
